One Week Workshop

on

NSS Data Exploration Using R

26th June to 2nd July, 2024

Call for Registrations (Offline Mode)

## Overview

This workshop is tailored for PhD students from Kashmir, aiming to enhance their data analysis skills, particularly in economics. Participants will learn to navigate and analyze large datasets, crucial for researchers, policymakers, and practitioners.

## Objective:

Equip participants with knowledge and skills to explore, analyze, and visualize NSS data using R. Engage in hands-on sessions covering data analysis, visualization, statistical analysis, and interpretation.

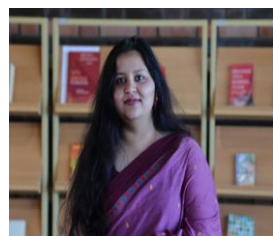

## Key Components:

- Introduction to R
- Data Analysis
- Data Visualization with ggplot
- Statistical Analysis
- Hands-on Exercises and Group Activities

## Expected Outcomes:

- Proficiency in R for data analysis and visualization
- Effective exploration and analysis of NSS data
- Conduct statistical analysis and interpret findings
- Communicate insights using appropriate techniques

## Instructor:

Dr. Prachi Bansal is an Assistant Professor at the Jindal School of Government and Public Policy, O.P. Jindal Global University. She specializes in data analysis in

economics and holds a Ph.D. from Jawaharlal Nehru University. With extensive teaching experience in quantitative methods using R, Dr. Bansal's research focuses on socio-economic issues, agrarian studies, labor dynamics, and gender. She has worked with FAO and ILO on data anonymization and statistical briefs. She has also taught in Azim Premji University, Bengaluru.

LinkedIn Profile:
